About Us

We, Plizma Technology, founded in the year 2020, are a major manufacturer and supplier of products such as Water Filtration Plant, Industrial Water Treatment Plant, Commercial SS RO Plant, Packaged Drinking Water Plant, etc. We focus all of our efforts on exceeding clients expectations by providing high-quality items that meet their needs. Furthermore, in order to maintain good customer relationships, we adhere to moral business practices and absolute transparency in all of our dealings. For our big success, we owe a debt of gratitude to our mentor, Mr. Arnab Mitra, whose unwavering support and guidance have helped us achieve exponential growth in the current market.

Right from the very first business deal, we, Plizma Technology, have been serving buyers since 2020. Our collection includes Bottle Filling Machine, Effluent Treatment System, Mineral Water Bottling Plant, Water Vending Machine, etc. that are designed and developed by customers in the best possible manner. Our company is located in Kolkata, West Bengal, India where we have installed modern facilities for easy designing and development.
